

Elevate Your Career: Become a Certified Instructor with Our Premier Training Programs

Transform Your Expertise into Impactful Teaching

Are you a seasoned medical professional with a passion for teaching and mentoring the next generation of lifesavers? Our academy is searching for dedicated individuals like you to join our elite group of instructor candidates. We specialize in creating dynamic educators through our comprehensive American Heart Association, NREMT, and NAEMT Instructor Courses. By becoming an instructor, you can shape the future of emergency medical services and witness the direct impact of your knowledge and experience.

American Heart Association Instructor Courses

BLS Instructor Course

Turn your expertise in Basic Life Support into a role educating others. As a BLS Instructor, you will be certified to teach the fundamental skills of CPR, AED use, and other lifesaving techniques.

ACLS Instructor Course

Advance your scope as an instructor with our ACLS course, teaching advanced medical professionals the critical skills in advanced cardiac life support, from early intervention to post-cardiac-arrest care.

PALS Instructor Course

Pediatric care requires a delicate and knowledgeable approach. As a PALS Instructor, you will have the authority to teach pediatric assessment, resuscitation, and stabilization.

EMS Instructor Courses

Skill Lab Instructor

Perfect for those who excel in hands-on teaching, this course prepares you to guide students through practical skills crucial for fieldwork, using the latest technology and methodologies.

Lead Instructor

Step into a leadership role by becoming a Lead Instructor, where you will oversee entire courses, ensuring quality education and adherence to the highest standards of EMS training.

NAEMT Instructor Courses

NAEMT Provider Course Instructors

Specialize as an instructor in NAEMT Provider courses that you are passionate about. Whether it's PHTLS, AMLS, EPC, GEMS, or EMS Safety, become a beacon of expertise and a trusted educator in these critical areas of prehospital care.

Why Join Our Instructor Team?

- **Reputation for Excellence:** Align yourself with an academy known for its rigorous standards and exceptional training programs.
- **Cutting-Edge Curriculum:** Teach from a curriculum that is continuously updated to reflect the latest in medical and educational advancements.
- **Supportive Community:** Join a network of professional instructors dedicated to lifelong learning and teaching excellence.
- **Flexible Opportunities:** Enjoy the flexibility to teach courses that fit your schedule and expertise.
- **Advancement Potential:** Grow professionally with opportunities to advance as a lead instructor or program developer.

Take the Lead in EMS Education

Your journey to becoming a leader in EMS education starts here. With our instructor courses, you will gain the credentials, skills, and confidence to train aspiring medical professionals in life-saving techniques. If you are ready to inspire, educate, and lead, we invite you to apply for our instructor courses.
